

Barracuda Spam Firewall
The World's Best Email Security Solution

Powered by E Street Web Hosting...

E Street's **comprehensive email security solution to block email-borne attacks** while increasing productivity—at one affordable price.

The Barracuda Advantage

- Free Cloud Protection Layer providing
 - Email spooling up to 96 hours
 - Outbound email filtering
- Barracuda Real-Time Protection
- Outbound email filtering for DLP
- Cloud-based encryption included free of charge
- Configuration backup to the cloud
- Preconfigured for quick deployment

Product Spotlight

- Industry-leading spam and virus defense for email
- Protection from data loss and reputation damage
- Long-lasting product that stays ahead of the latest threats
- Advanced, granular policy management

Comprehensive Protection for the Long Term

The Barracuda Spam Firewall includes spam and virus blocking, data protection, large file transfer, email continuity, DoS prevention, encryption, and policy management—combined to deliver a complete solution. As new requirements emerge, it is automatically updated with new capabilities to ensure continuous protection.

Fastest Response to New Threats

The experts at Barracuda Central work 24x7 to monitor and block the latest Internet threats. Data from more than 150,000 collection points is analyzed to create and deliver protection against previously unknown threats within minutes of their discovery.

Affordable and Easy to Use

Fast, easy set-up and simple, intuitive management keep time and resource needs low. The integration of the Barracuda Cloud Protection Layer make it easy and very affordable to scale capacity as your business grows.

Barracuda Cloud Protection Layer filters and spools inbound email traffic.
